

Traveling Internationally - Account Access IT Policy

Grace IT will by default prohibit logins coming from outside of North America. This is because a lot of scammers and online bots will often try to brute force through our online accounts from Internet IP's outside of the North Americas. Because of this, you won't be able to access your Grace Church Office365 work account (GraceOhio.org, GraceChurches.org, GraceGeorgia.org, etc) when you travel internationally. We can put you in an exemption group for times when you need access to your email or other services overseas.

We ask that you help give us the heads up when you plan on traveling abroad by filling out this form, (you can also fill it out on behalf of someone):

Just simply login with your Grace Church Office365 account to fill it out. Grace IT will be notified about the request. Thanks, and travel safe!
