

Install Addigy MDM Profile

Install the MDM Profile

To finish installing Addigy a prompt to install the MDM Profile will pop up on your screen and/or as a notification. Click Install on the prompt.

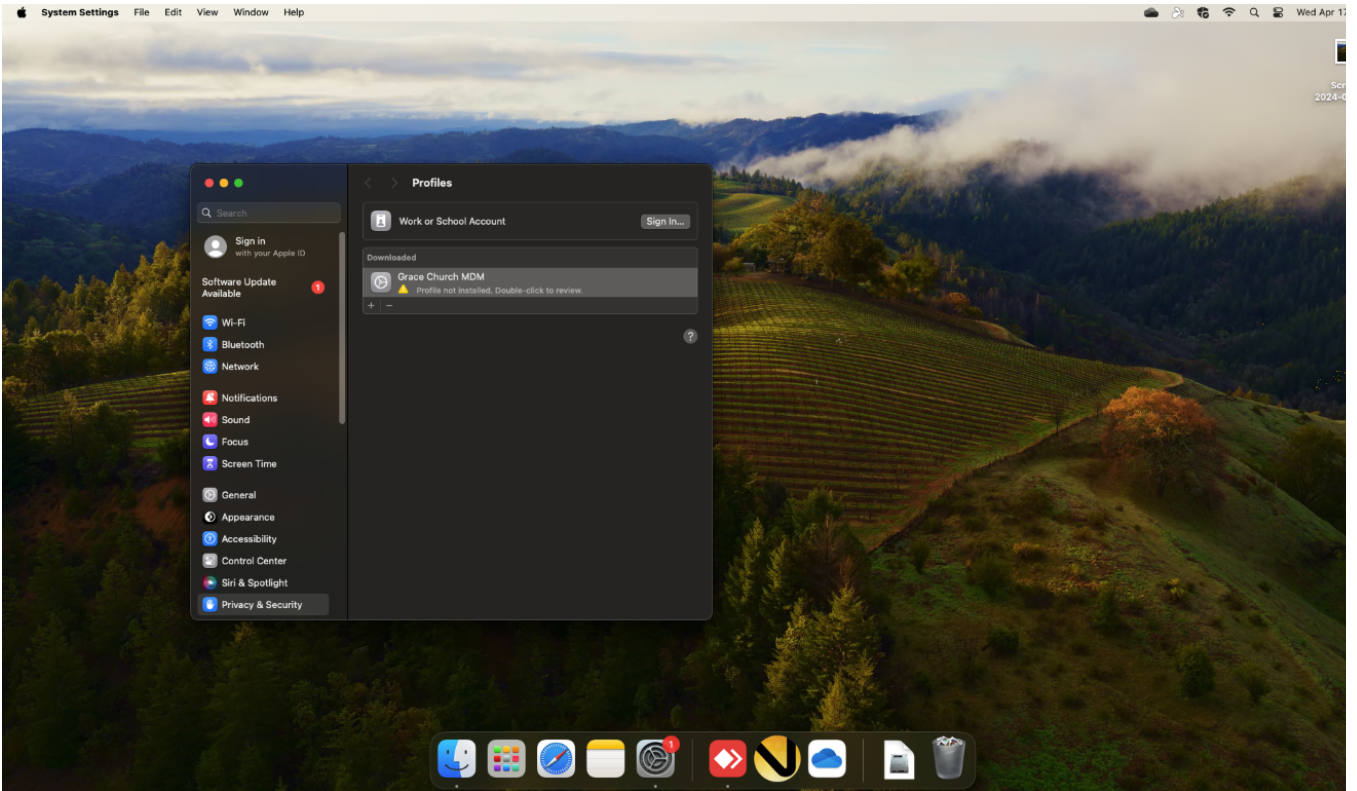

This will launch macOS System Preferences and open it to Privacy & Security > Profiles.

Double click the profile named "Grace Church MDM" and click "Enroll" on the window that opens. The MDM will then push down multiple profiles, no further interaction will be needed.

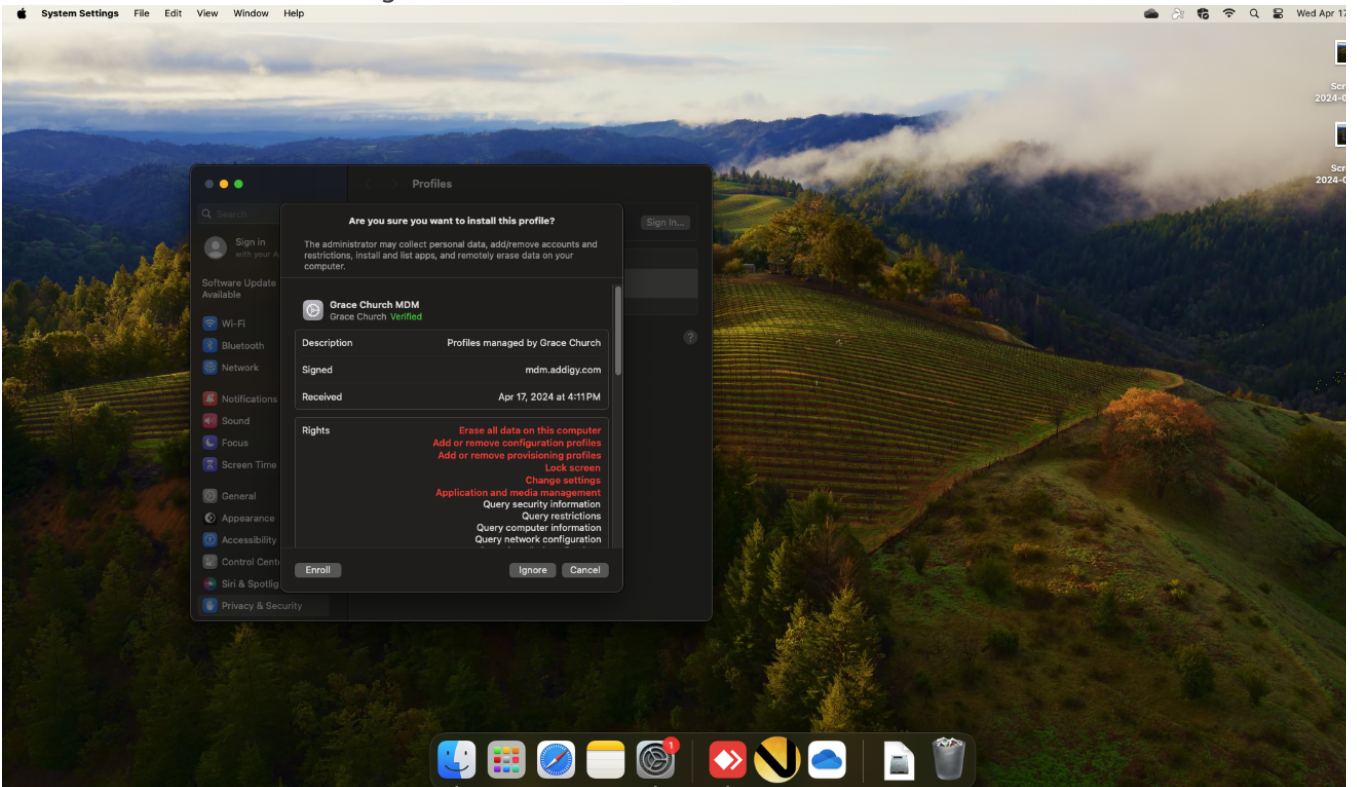

1. The Installation Prompt. Click "Install".

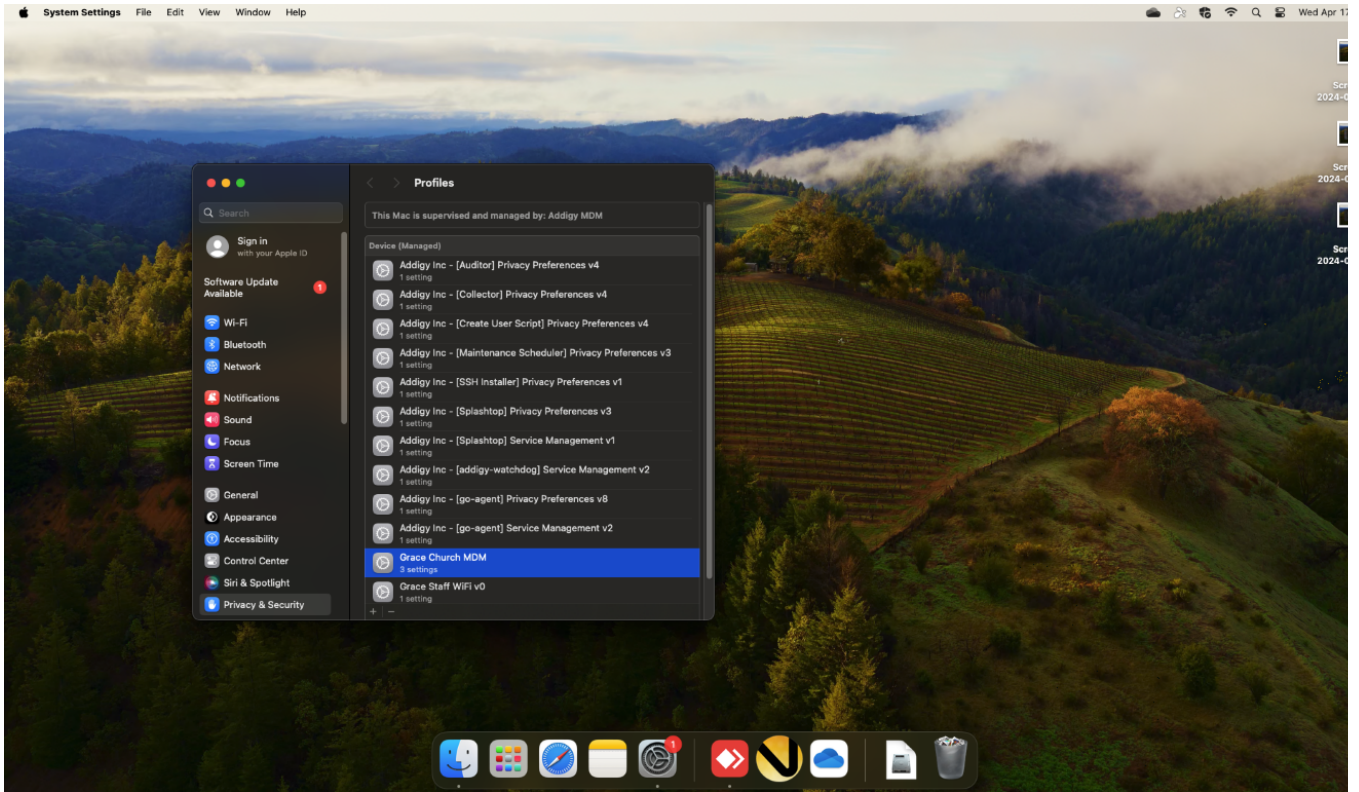

2. The Profiles Menu with the Grace Church MDM Profile to be installed. Double-Click the "Grace church MDM" Profile.

3. The MDM Profile Details Page. Click "Enroll".

4. The Installed Profiles. All Finished.
